

Inspiration

The Christian Science Monitor visited Newport Beach, California, on June 27 for an in-person event called "The Trust Factor: From America to the Middle East." The panel of Monitor editors and reporters discussed the role trust plays in the media and politics and how the Monitor builds trust with its readers.

Check out the [YouTube video recording](#) of the event.

Thank you to the Newport Beach Reading Room for supporting the Monitor.

Important Pricing Update

The following message was emailed to Reading Rooms on July 15, 2024:

Dear Reading Room Librarians,

On August 1, The Christian Science Publishing Society will adjust wholesale and retail prices for many of our Reading Room products.

The new pricing responds to increased production costs and is an opportunity to simplify and standardize our catalog by rounding suggested retail prices to even dollar increments. It also responds to increased prices to CSPS from third-party sellers of Bible study resources and marking supplies.

On average, the updated pricing will provide a practical financial benefit to our Reading Rooms by increasing profit. Also, pricing across the entire product catalog will become more consistent. For example, the price of the 1932 Hymnal currently varies significantly by language. The adjustments will standardize both the Reading Room and suggested retail prices across all languages.

CSPS prices will be updated on the Reading Room product list and the Christian Science Online Shop on August 1st.

As outlined in the Deed of Trust, we are committed to providing high-quality products “for the purpose of more effectually promoting and extending the religion of Christian Science” as taught by Mary Baker Eddy. These pricing updates are part of our ongoing efforts to support Christian Science Reading Rooms.

Sincerely,
The Trustees of The Christian Science Publishing Society

Resources to help share *The Christian Science Monitor*

The Christian Science Monitor has taken a step unique in the news industry by focusing on the *values* behind the news—values that connect us all, including hope, cooperation, and compassion. These provide readers a deeper view of the news and highlight the solutions that unite rather than divide.

This approach is reflected by founder Mary Baker Eddy’s description of the *Monitor’s* purpose: "To injure no man, but to bless all mankind."

You can explore the *Monitor’s* values journalism at [CSMonitor.com/Values](https://www.csmonitor.com/Values).

To help Reading Rooms share the *Monitor*, promotional materials are provided in the Reading Room Press Kit. [ChristianScience.com/rrdropbox](https://www.ChristianScience.com/rrdropbox) > English > Periodicals > Promotions > The Christian Science Monitor.

Let us know how your Reading Room is sharing the *Monitor* with your community by emailing us at opendoors@csps.com.

Looking ahead to summer Summits in Uganda and Nigeria

The Mother Church, in collaboration with branch churches in English-speaking countries in Africa, is helping organize two Summits in August in Kampala, Uganda and Lagos, Nigeria. The Kampala Summit aims to bring together Christian Scientists and their friends from four countries in East Africa — Kenya, Uganda, Tanzania, and Rwanda. The Lagos Summit specifically invites attendees from across Nigeria.

These Summits will provide the opportunity for spiritually minded thinkers to come together and explore their unique, much needed roles in Church and discover real-world applications of Christian Science through various workshops, and sharings of their experiences with others.

- Kampala Summit: August 16-17, 2024
 - Theme: Faith in Action. Showcasing real world applications of the principles of Christian Science.
- Lagos Summit: August 23-24, 2024
 - Theme: Church isn’t a spectator sport. We are all needed in this work.

To find out more information about the upcoming Summits, please visit the [Christian Science Summits](#) page at christianscience.com/summits, email summits@csps.com, or send a message via WhatsApp at +1 617 450 2390.
